

# Copy Pose to Webboids Script

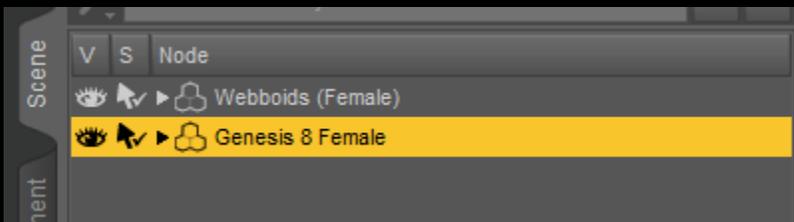

This script copies a pose over to a Webboids character.

- Copy the pose of a Genesis 3 character to a Webboids character.
- Copy the pose of a Genesis 8 character to a Webboids character.

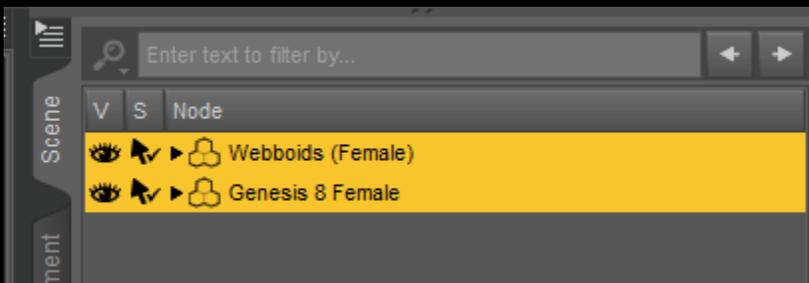

- Copy the pose of a Webboids character to another Webboids character.
  - Undo

## Genesis 3 / Genesis 8 to a Webboids character

1. Load a Genesis 3 / Genesis 8 and a Webboids character into the scene.
2. Select the Genesis 8 character and load a pose.

3. With the Genesis 3 / Genesis 8 selected, hold down the CTRL key and select the Webboids character.

4. Run the script.

## Webboids character to another Webboids character

To copy the pose of a Webboids character to another Webboids character select first the Webboids character with the pose that we want to copy, hold down the CTRL key and select the Webboids character that receive the pose. Run the script.

I hope this script makes the life easier to pose the great Webboids characters, to make it possible to use existing Genesis 3 and Genesis 8 poses.

Now I am working on a version to copy a Genesis 3 / Genesis 8 animation over to a Webboids character.

Have fun,  
PeTeGe
